PROFESSIONAL SUMMARY

Front-End Engineer with 1+ years of experience building production-grade React.js and Next.js applications. Skilled in developing scalable user interfaces, integrating REST APIs, and optimizing application performance through lazy loading, code splitting, and reusable component architecture. Improved page load performance by over 30% while delivering responsive, mobile-first web applications in Agile development environments.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3, SQL, Java, Python

Frameworks & Libraries: React.js, Next.js, Bootstrap, Tailwind CSS, React Hooks

Web Development: REST APIs, Responsive Design, Mobile-First Design, Component Architecture, Lazy Loading, Code Splitting, Dynamic Routing, SEO, Cross-Browser Compatibility

Tools & Platforms: Git, GitHub, VS Code, Chrome DevTools, Vercel, Figma, npm

Methodologies: Agile, Scrum

WORK EXPERIENCE

Junior Front-End Developer

Pratyaksh Interactive Solutions · New Delhi, India

Mar 2025 – Present

- Developed production-ready hotel search and reservation modules using **Next.js App Router**, React Hooks, and dynamic UI rendering for real-time booking workflows.
- Improved initial page load performance by 30%+ using lazy loading, dynamic imports, and component-level code splitting.
- Integrated REST APIs to fetch real-time hotel availability, pricing data, and booking details within the reservation workflow.
- item Built reusable React/Next.js components to standardize UI patterns, improve maintainability, and reduce duplicate code across booking modules.
- item Collaborated in Agile sprints using Git, participated in code reviews, and worked closely with backend developers to deliver production features.

Web Development Intern

Pratyaksh Interactive Solutions · New Delhi, India

Oct 2024 – Mar 2025

- Built foundational
- Built reusable **React.js UI components** and responsive layouts using HTML5, CSS3, and Bootstrap while following component-based architecture.
- Resolved technical debt, layout bugs, and **mobile responsiveness** issues, improving cross-device compatibility.
- Converted complex **Figma wireframes** into pixel-perfect static pages under senior developer guidance.
- Collaborated using Git-based version control, contributing to team workflows and feature development under senior developer guidance.

PROJECTS

Hotel Booking Platform

2024

- Engineered an end-to-end hotel search and reservation workflow using **Next.js App Router** and REST APIs with real-time availability and pricing.
- Developed reusable Server and Client Components with optimized rendering, reducing unnecessary re-renders and improving maintainability.
- Implemented **SSG** and dynamic routing for improved SEO and performance; achieved full mobile responsiveness.
- **Stack:** HTML5, CSS3, JavaScript (ES6+), Next.js, Bootstrap, REST APIs

Pension Management System

2025

- Built a responsive pension management interface for beneficiary records, eligibility verification, and payment tracking.
- Developed dynamic form validation, record filtering, and status-based UI updates using **JavaScript (ES6)**.
- Designed structured layouts with **Bootstrap grid system** and integrated frontend modules with backend services.
- **Stack:** HTML5, CSS3, JavaScript, Bootstrap

Personal Portfolio Website

2025

- Built and deployed a responsive developer portfolio achieving a **95+ Google PageSpeed score** through asset optimization, lazy loading, and code minification.
- Implemented on-page SEO with semantic HTML, meta tags, and optimized image assets to improve search visibility.
- Ensured cross-browser compatibility across modern desktop and mobile browsers.

Courier Management System

2024

- Built a complete front-end parcel tracking dashboard, optimizing usability for staff and customer-facing workflows.
- Integrated frontend with backend APIs for **real-time tracking** updates and full status history display.
- **Stack:** HTML5, CSS3, JavaScript

EDUCATION

B.Tech in Computer Science and Engineering

Graduated 2024

Bhagwati Institute of Technology & Science, Ghaziabad
CGPA: 7.7 / 10.0

Senior Secondary (Class XII)

Completed 2020

D.A.V. Public School, Hapur
Score: 82%

CERTIFICATIONS

- Complete Web Development Bootcamp – Udemy
 - Python Programming Fundamentals – Udemy
 - CCC – NIELIT
-
